

Directory of Medical Professionals

The purpose of this Directory is to identify neurosurgeons, neurologists, neuropsychologists and other specialists who have experience with, and an interest in, treating children, teens and adults living with hydrocephalus, and diagnosing and treating adult onset hydrocephalus or normal pressure hydrocephalus (NPH). The Directory is published by the Hydrocephalus Association (HA) and is intended solely as a resource for families. The physicians listed are in no way endorsed, reviewed or recommended by the Association or its members.
