

Level Up Your Fundraising!

There's no one way to support Games4Brains. Have fun, get creative, and raise funds for the Hydrocephalus Association in a way that fits your game night. Check out these fun ideas to get started!

Re-Roll: Whether it is Yahtzee, D&D, Monopoly, CATAN, Risk or any other dice-based game, players can gain a second chance to re-roll the dice by making a donation, potentially changing the fate of the game while making a difference to those with hydrocephalus.

Game Night Giveaway: Add extra excitement to your fundraiser by hosting a giveaway! Anyone who donates during your Game Night gets entered into a random drawing for a special prize or incentive. It's a fun way to encourage support while keeping the energy high!

Play to Pay It Forward: Host a game night where every player chips in a small donation to enter. The winner doesn't just take the glory—they get the total amount collected added to their fundraising page! It's a fun, competitive way to raise money and keep the stakes high!

Alter the Game Rules: Playing Monopoly and trying to get out of jail? Donate! Think of fun ways to spice up the game and create ways to collect donations.
